

Monroe County Cemetery File List

(last updated: April 2, 2017)

Note: The names and numbers used to designate the cemeteries (i.e., Wampler #1) correspond to those used in “Directions to Monroe County Cemeteries,” available either in the file titled “Monroe County Cemeteries—Directions from IGS CD” or in the Monroe County section of the CD titled *Indiana Cemetery Locations*, vol. 2 (Indiana Genealogical Society, April 2006). These names and numbers may differ from those that are used in *County Cemeteries of Monroe County* or *1939/1940 Maps of Monroe County Cemeteries*. While each of these sources attempted to include **all** known Monroe County cemeteries at the time they were published, the Genealogy Library’s Cemetery Files contain material **only** on those cemeteries for which information has been collected. They are a work in progress; donations of new material are welcome and should be directed to the Genealogy Library Manager.
