

**Vertical File Index**  
**Monroe County History Center**  
**Research Library**

Last updated: January 24, 2019

Please note:

See (underlined) refers to the subject heading where material on a topic may be found.

*See also* lists related subject headings where additional material on a topic may be found.

Files on a particular family are titled with just the last name (i.e., "Mershon," not "Mershon Family"). The library has a separate section of Family Files containing lineage information.

Information on certain communities (i.e., "Ellettsville") is included in the Vertical Files. The library also has a separate section of Community Files in File Cabinet 2.
