Monroe County Wills Index

Introduction

There are 2,184 Monroe County wills found in the Research Library. They date from 1818 to about 1960. If filed with the county government, wills after that are held by the Monroe County Clerk's office on microfilm.

This surname index aids in locating the wills in the Research Library, which are held in five different places. The Research Library manager or volunteers can retrieve the files for researchers.

The five locations are:

- Probate boxes

- Court record boxes

- Deed books

- Will book 1, 1818-1841 (Transcriptions, not original records) F532 .M7W5a

- Will Records Books 1-5, 1818-1904 (Abstracts, not original records) F532 M7W5

Copies of wills that are part of Monroe County probate and other court records can be made for \$1.00 a page. This is the same charge as for Clerk's Office copies, and helps to support the Research Library's preservation costs, which have amounted to thousands of dollars for acid-free materials and storage.
